

# Young At 60, Or Old At 40? Diet Decides

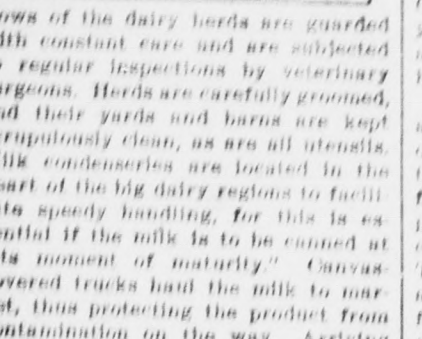

Whether you are old or young, it is the quality of your diet that determines your health. A diet of rich, fatty foods will make you feel old, while a diet of light, nourishing foods will keep you young.

# Purity of Milk Protected Now By Scientists

Scientists have recently made a great discovery in the purity of milk. They have found that the quality of milk is determined by the diet of the cow.

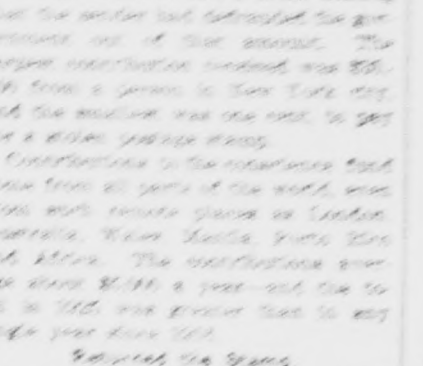

One of the dairy herds are guarded with constant care and are subjected to regular inspections by veterinary surgeons. Herds are carefully grouped, and their pure and pure are kept separately.
